

MOLYBDENUM/PTFE MPT® Firearm

As a leader in the field, MPT Industries sets the standard for unequalled quality in the manufacture of high performance lubricants. MPT Firearm is a unique blend of synthetic oils, molybdenum, PTFE, corrosion inhibitors and proprietary ingredients providing a long-lasting CLP (Clean, Lube and Protect) for weapons and weapon systems. MPT Firearm meets and exceeds the requirements of MIL SPEC: MIL-PRF-63460E.

MPT Firearm

Developed with the needs of the most demanding law enforcement professionals, military personnel, and sportsmen in mind.

Penetrating formula with rust inhibitors • Stops binding and sticking • Cleans and protects

MPT Firearm lubricant's penetrating anti-wear formula cleans, lubricates and protects in all climates and extreme environments. MPT Firearm contains special rust and corrosion inhibitors to protect against wear, humidity, and moisture, including salt water. It will leave a long-lasting protective film that repels dust and will not evaporate – excellent for long-term storage.

To maintain weapon performance specifications, simply apply MPT Firearm to all mechanism moving parts and metal surfaces to clean, lube and protect. MPT Firearm meets and exceeds MIL SPEC: MIL-PRF-63460E in tests conducted by an independent laboratory. The results:

ASTM D-4172B	Wear Preventative Characteristics	PASS, ALL
PLTL-107	Firing Residue Removal	PASS @ 98%
PLTL-104	Corrosion Test	PASS, ALL – 7 days
ASTM D-1748	Humidity Cabinet	PASS, ALL – 900 hours
FTM-4001	Salt Spray Resistance	PASS, ALL – 100 hours

MPT Firearm is available in a 1/2 ounce oiler with snub-nose tip (*part number MPT-50*).
